INSPIRATIONAL SITES//

Big Bite Creative – bigbitecreative.com

What I Love: The hover effects on everything (text, images, etc.), color scheme (white background), and full page layout.

Cleverbird Creative – cleverbirds.com

What I Love: Pretty much everything. Layout, design, effects, opening image on home page, etc.

Degordian – degordian.com

What I Love: Incorporation of photos and video throughout the site, full page layout, typography and design in some sections.

Two Arms Inc. – twoarmsinc.com

What I Love: Layout (although wish it was full page), typography, hover effects, and integration of images.

Good Design Works – gooddesignworks.co.uk

What I Love: Full page layout, transitions between pages (downward arrow) background images, color scheme, interactive icons, and opening image on home page.

Konrad & Mayerbuch – konrad-mayerbuch.de

What I Love: Full page layout, image on home page, Nav Bar* on the bottom (always accessible), white background makes it more continuous with spots of color, hover effects over images, etc.

LOOP – agentur-loop.com

What I Love: Full page layout, image on home page, interactive hover effects, black and white color scheme, background images, etc.

Arc Design Lab – arcdesignlab.com

What I Love: full page layout, interactive hover effects, color scheme.

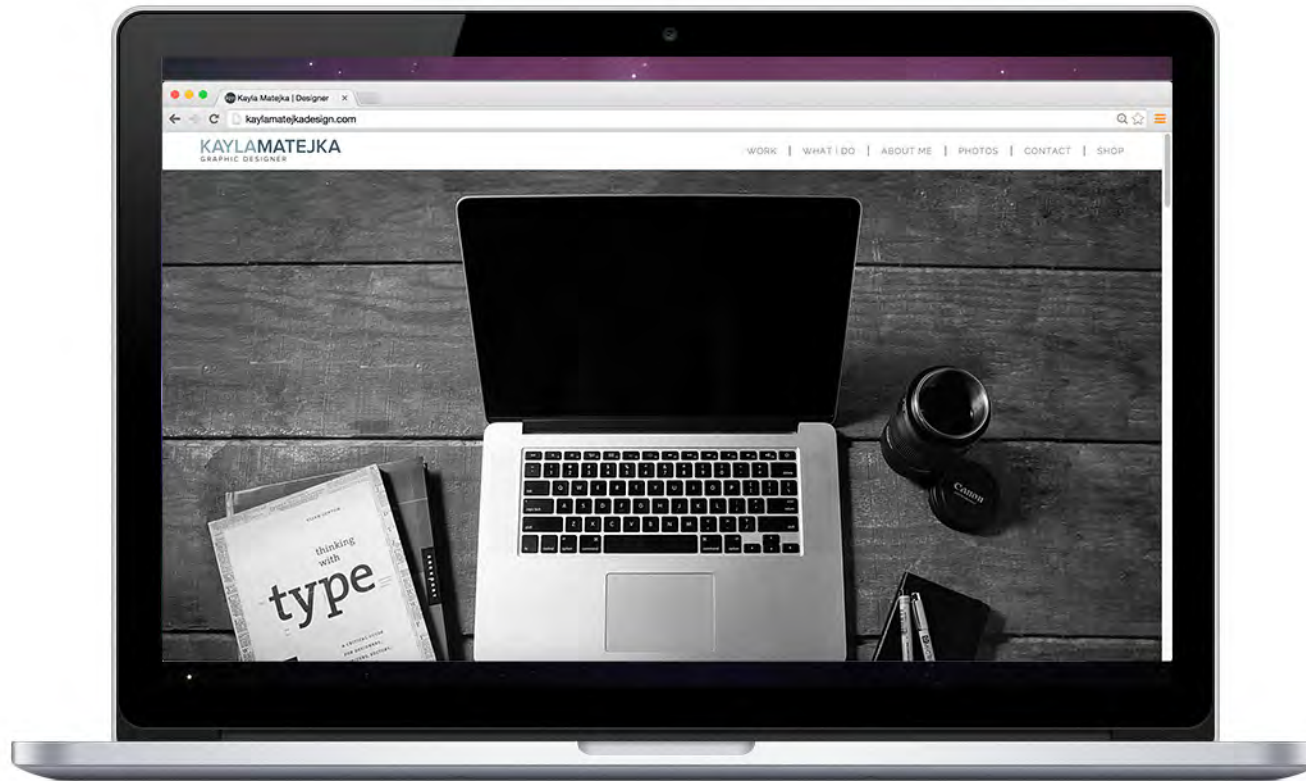

Beta Takaki – betatakaki.com

What I Love: pretty much everything. Clean, clear interface, full page layout, the way the work is displayed on mock-up MacBook, the drop-down viewing box for the works, background images, etc.

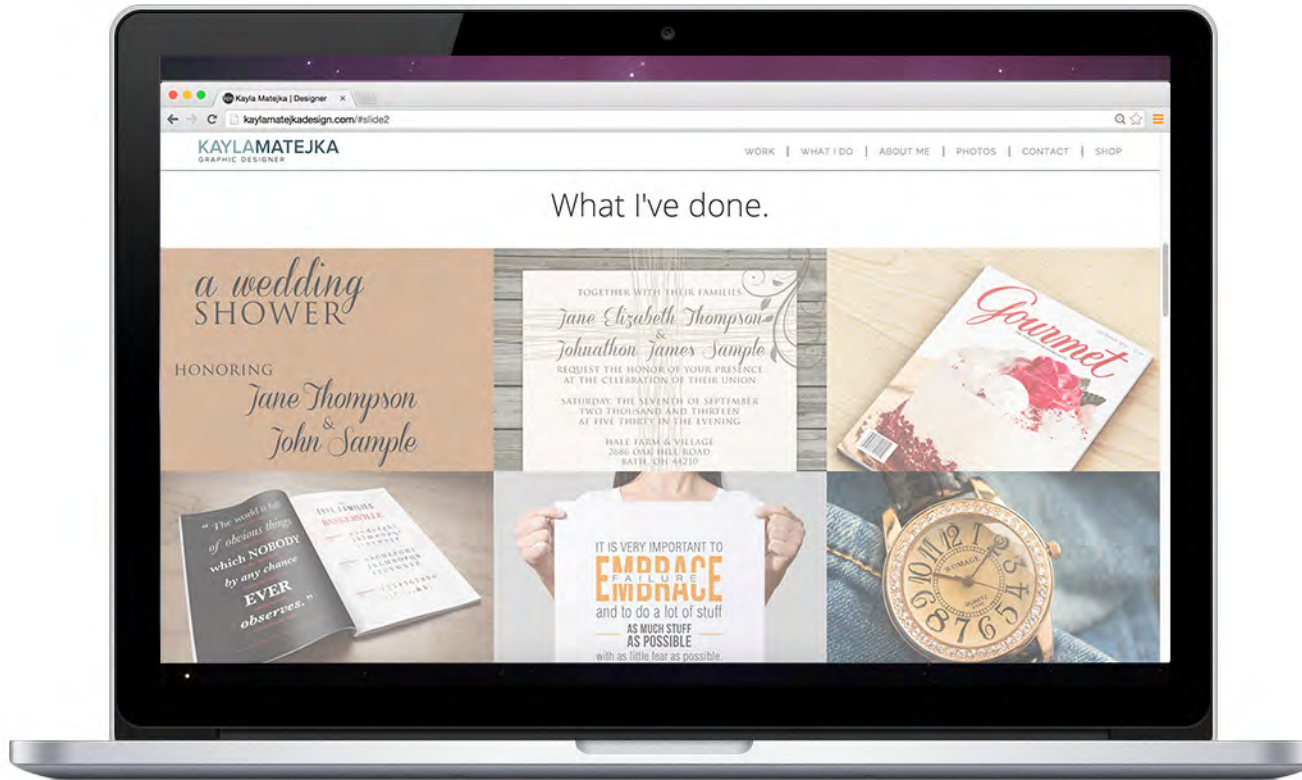

Knapsack Creative Co. – knapsackcreative.com

What I Love: Once again, pretty much everything. I love the layout of the entire site (full page and placement), black and white images, white background, spots of color, illustrations, device mock-ups, etc.
